Georges River College Oatley Senior Campus

‘Bring Your Own Device’ BYOD Equity Policy

Rationale
The Georges River College, Oatley Senior Campus Bring Your Own Device (BYOD) program, like all BYOD programs in an education setting, inherently imposes a financial cost on students and their families in supplying a device. At the same time, the Georges River College, Oatley Senior Campus BYOD program can only function if all students have access to appropriate technological resources in all their classes. Georges River College, Oatley Senior Campus takes seriously the role of public education in ensuring all students have access to the same learning outcomes. The purpose of the BYOD Equity Policy is to establish the framework for the BYOD program to provide this for all students, irrespective of their families’ financial means.

Objectives
1. To achieve objective (1) of the Georges River College, Oatley Senior Campus BYOD policy, being to facilitate and promote the bringing of a computing device to school by all students in for use in their education.
2. To ensure equity in the BYOD program and its implementation.
3. To ensure all students have access to appropriate technological resources in their classes.
4. To provide a framework through which family requests for assistance can be managed consistently.

Actions
(A) Georges River College, Oatley Senior Campus

Georges River College, Oatley Senior Campus will:
1. Endeavour to provide personal access to appropriate technology resources to all students operating under the school’s Bring Your Own Device program in keeping with the objectives of that policy and with respect to its role as a public education institution.

2. Ensure the BYOD Program’s Device Specification is designed so that a range of devices in capability and cost are suitable and meet the Specification.

3. Assess applications for assistance in meeting the requirements of the BYOD program on a case-by-case basis. Due consideration will be given to all the facts of the matter, including:
   • The level of assistance requested.
   • Existing disbursements from the Student Assistance Scheme.
   • The technology already available to the student at school and at home.

4. Consult with the parent/carer in making determinations as to what form any assistance will take.

5. Consider a range of alternatives for providing device access for students, including:
   • Priority or reserved access to desktop computers in library during class time, free periods, before or after school or during breaks.
   • Loan of a laptop or other device for a particular period or class.
   • Loan of a laptop or other device for a particular day.

6. In most circumstances, not agree to loan a laptop or other device to a student overnight, over a weekend or over a holiday period.

7. Provide a protocol for ensuring priority or reserved access to desktop computers where this access is considered appropriate.

8. Provide a protocol for signing out and signing back in a laptop or other device from the TSO Office and follow up any cases where the loaned device is not returned in accordance with the student agreement.
(B) Students and Parents/Carers:
1. Consider your options for the purchase or lease of equipment that meets the **Device Specification**. Georges River College, Oatley Senior Campus will endeavour to make a broad selection of devices in a range of price points match the Specification.

2. If you believe you are unable to provide a device that meets the specification:
   a. Make an application in writing to the Principal, or make an appointment to speak with the Principal and indicate you require assistance in addressing the school’s Bring Your Own Device program.
   b. The school will liaise with you, your son/daughter and his/her teachers to identify the most appropriate way to address the issue and ensure he/she has appropriate access to the technological resources of his peers.

3. The school will **not** purchase a device to assign to your son/daughter nor will the school make a device available for permanent or semi-permanent loan.
   In substitution of a personal device the school will consider options including:
   - Priority or reserved access to desktop computers in Library during class time, free periods, before or after school or during breaks.
   - Loan of a laptop or other device for a particular period or class.
   - Loan of a laptop or other device for a particular day.
